SUNDAY SCHOOL EXHIBITION .- The exhibition of the Wesley Chapel Sunday School took place last evening, at the Chapel, corner of F and Fifth streets, and was largely attended netwithstanding an admittance fee of twentyfive cents was asked. The exercises consisted of singin , addresses, dialogues, &c., &c., by the children attached to the school, and were well executed; and where all acquitted themselves so handsomely it would be invidious to mention those who appeared to excel. After the second part of the programme was gone through with, the Rev. Mr. Dashiel appealed to the audience to sustain the efforts of the children to establish and make useful a branch of their school located on Capitol Hill, and in their home mission operations. His address was well received, and drew from the audience several hundred dollars - a much larger amount than usual for such occasions. Among the contributions was one of five dollars from Wesley school, to make Gen. Shields, of the United States Senate, (who was present,) a life-memher of the Home Missionary Society. "A Know Nothing" gave five dollars to make one of the scholars (name not recollected) a member of the same society. L. A. Gobright (the reporter of the Sentinel and Baltimore Clipper,) was also made a life-member. A large number of the scholars were made life-mem bers by persons in the audience; among others we may mention a child of the pastor, a boy of about three months old, and the son of the superintendent, three or four weeks of age. Altogether the exhibition was one of the best ever given in this city, and reflects the highest eredit upon the superintendent, teachers, and scholars of Wesley Chapel School.

"THE WESTERN WILDS." -A correspondent thus gives the impressions made upon his mind on seeing Stanley's picture of the Western Wilds: "We were last evening delighted with the magnificent feast presented to our vision in the Panorama of the Western Wilds, painted by the well known artist, Mr. J. M. Stanley, whose name has but to be mentioned as a commendation of the work. Nothing can be more interesting to the American who has never had the opportunty of viewing the boundless wilds of his native country, than to see them truthfully delineated on canvass. At one moment we see the wild and happy red man engaged in the chase, and are ourselves inspired with almost his native enthusiasm by beholding the wild horses, with tossing mane and tail; the gigantic buffalo, rushing forward, with low bowed head; elk, antelope, and bounding deer At the next, our feelings peauty and truth with which the artist has depicted the primitive happiness of some picturesque Indian village, or regales our sight with some narrow shining river, gently meandering through the flowery prairie to seek its final resting place in some placid lake. The picture is comprehensive and presents numerous views, and many miles of intermediate country, from Fort Snelling to Vancouver's, and concludes with the suggestion of Indian's happy hunting ground. " intellect can repeat what's been fulfilled.

And aping Nature, as she buildetn, build, O'er Nature's base can haughty Reason dare To tile its lofty castle in the air. But only thine, O Genius, is the charge, in Nature's kingdom, Nature to en arge ""

THE ROBBERY OF HON. MR. MCMULLEN. The Richmond Enquirer of yesterday says: The question of Col. McMullen's indemnity for the loss of his \$1,700, which was stolen from him in August last, while on his way from Slash Cottage to this city, will be discussed at the next meeting of the Richmond and Fredericksburg Railroad Stockholders. The Colonel has deferred suit against the company, pending the decision on that occasion. The ground, says the Whig, upon which the responsibility of the company is founded, and upon which the suit is to be brought, is the circumstance of his being involuntarily left at Slash Cottage, by detaching from the train the car in car to this city, in order to reach here before made this a necessary step. the Danville train set out. In the passage, he encountered a collision with the out-passenger trains, and in the confusion caused by this occurrence, the \$1,700 were taken from his traveling bag. The necessity of this impetuous rush, which resulted in the loss of the money, is traced to the circumstances of his being left behind contrary to his wishes.

THE REV. C. A. DAVIS .- The departure of this gentleman from among us of Washington to take charge of a congregation of the Methodist Episcopal Church South, in Richmond, is evidently a source of deep regret on the part of the numerous friends in this city whose attachment to him is based on associations in some cases nearly half a century. For twenty years past he has been a pillar of the Methodist organization in this region. The integrity of his personal character, the earnestness of his exertions in the cause of consciantious religion and his elequence as a pleader in its behalf have long been recognized as of great advantage to the christian organization with which he is identified and cannot fail to tender him a very acceptable laborer indeed, in the new field to which he has been called.

THE H STREET BRIDGE-WHY IS IT NOT REPAIRED?-Mr. Star: Will you permit a few rays from your luminary to enlighten the benighted understanding of our city fathers respecting the bridge across the Tiber at H street. An appropriation of \$400 was made. after delays tedious and wearizome, some months ago for repairing this structure. (broken down some four months ago,) and since then nothing has leen done. Please advise us what course to take. The stream has been frozen over several mornings past, the road around is steep, muddy, and slippery, and this road (Jordan is a turnpike in comparison) we have to travel, because, forsooth, the city officers can't or wont mend the bridge. TRIAL OF NEW APPARATUS -The Franklin Fire Company had a trial of their new and very beautiful suction engine, yesterday afternoon. A number of corporation officials were present, including his honor the Mayor. The members of the Perseverance brought out their new suction engine, and the two were tried together. Both companies appear to be well pleased with their engines, and satisfied that they will improve with use. We learn that the Franklin threw 156 feet-some say 150 feet. BALL AT THE NAVY YARD .- Odd Fellows' Hall, at the Navy Yard, was crowded on Monday night with the youth and beauty of our

city. The ball of the Ordnance Club came off there, and it was certainly one of the finest club balls ever given in this city. The ladies and gentlemen were so well pleased with every arrangement for their amusement, that few departed till near four o'clock in the morning. The young gentlemen of the club deserve credit for the manner in which the affair was conducted.

Eighth of January .- A correspondent says: What are our friends doing toward the commemoration of the birth of the "Hero of the WILBOR'S COD LIVER OIL AND PLOS Hermitage?" There is no better time at which the many blessings of the principles he loved could be rehearsed, or an untiring energy inspired for the continued success of those principles. Let our Democratic friends see to this matter. The metropolis of the country was the scene of his mightiest triumphs.

BENEFIT OF THE ANACOSTIA. -The Kunkel opera troupe, on Friday night next, at the National Theatre, perform for the benefit of the Anacostia Fire Company, and in aid of their library. They had a man in their press room who was afflicted with violent mercurial rheumatism, who was continually complaining of misery in his backs, limbs and joints;—his eyes had become feverish and mattery, neck swollen, throat eyes had become feverish and mattery, neck swollen, throat sore, and all the symptoms of rheumatism, combined with Scrofula. Two bottles of Carter's Spanish Mixture cured him, and in an editorial notice as above, they bear testing my to its wonderful effects, and say their only reguel is, that all suffering with disease of the blood are not aware of the existence of such a medicine.
